

## IN MEMORY OF KEVIN MC CARTHY

SEPTEMBER 12, 2024

Kevin was at STAR member for 15 years and a Board of Advisor the whole time. He attended all our shows and passed out toys every year at our toy drive. He was our parts man and drove drivers to local part stores when we at the track to get their cars running. He guided many new drivers on their first experience driving in STAR. He was our unique uncle at STAR, that might have drove some of us crazy as family does

but was always missed when he didn't come to the track. He was one of our cooks for our annual picnic and we will miss him greatly at our events.
